3-Way 2.0 (Tripod / Grip / Arm)

Product Story

Long	Get more capture options with a lot less gear. 3-Way 2.0 is three essential tools in one ultra versatile mount. It's built around an ergonomic camera grip that transforms into a height-adjustable tripod. It also unfolds into an extension arm to capture selfies without the mount appearing in your footage or follow shots with extra reach. A built-in ball joint lets you tilt your camera or swivel it 360° for even more capture flexibility.
Medium	3-Way 2.0 is three essential mounts in one. It's an ergonomic camera grip that transforms into a tripod, plus an extension arm for selfies or follow shots. A built-in ball joint even lets you tilt your camera or swivel it 360°.
Short	This 3-in-1 mount can be used as a camera grip, tripod or extension arm. A built-in ball joint even lets you tilt your camera or swivel it 360°.

Feature Bullets

1	3-in-1 design switches from camera grip to tripod to extension arm
2	Integrated ball joint lets you change your camera angle without having to reposition the mount
3	Built-in tripod quickly folds out to provide a stable shooting platform for time lapse shots, group photos and more
4	Ergonomic design makes the grip comfortable to use even during all-day adventures
5	Folding extension arm acts as a handheld boom for selfies, overhead shots, follow-cam footage and getting closer to the action
6	Captive hardware makes it impossible to lose individual pieces
7	Standard GoPro mounting base makes it easy to switch your camera between mounts
8	Waterproof construction for use in and out of the water
9	Measures 19.5in (49.53cm) when fully extended and collapses to 8in (20.32cm)

What's Included

- 3-Way 2.0
